**BIG DAMAGE SUIT DECIDED**  
One of the most important cases tried at this term of the circuit court was that of Mrs. D. L. Keyser, who sued the Pascagoula Street Railway Company for \$30,000.00 damages for the killing of her son, Ira L. Griffin at Moss Point last fall. The case occupied the time of the court all Monday and Tuesday, every point being closely contested by the attorneys. Mrs. Keyser was represented, by Messrs. Mize & Mize, of Gulfport and P. C. Broome of Ocean Springs, while the railway company was represented by Messrs. White & Ford of Gulfport and this city.  
Young Griffin was killed by a street car of the defendant last fall on a trestle near Moss Point. He was walking on the trestle, on his way from the shipyard where he was at work, when he was overtaken and knocked down by the car. The jury, after due deliberation brought in a verdict for Mrs. Keyser, awarding her damages in the sum of \$7,500.  
It is presumed that the case will be appealed to the Supreme court.

The American schooner George H. Ames, Capt. M. C. Haskell, arrived from Havana, Cuba, Saturday evening last. This vessel is consigned to the Vinegar Bend Lumber Company.  
—W.S.S.—  
Mr. J. W. Pate, county agricultural agent, took advantage of the crowd assembled at the court house this morning awaiting the opening of court to address the farmers on questions of interest to them. He outlined the work of his office, and the advantage of the same to the agricultural interests of the county. A good sized audience listened to his remarks and were well pleased with same.

**Have you seen my new Auto Hearse?**  
The finest on the gulf coast. Give me

Company to put its tracks and physical property in good condition, and also to improve the service it was giving the public. The company was given ninety days to comply with the order. Recently one of the railroad commissioners was here inspecting the tracks and service of the Street Railway Company, and as a result of his visit and investigation the Railroad Commission assessed a fine of five hundred dollars against the power company, and the Attorney General was instructed to bring suit for the collection of the fine.  
To a casual observer this is a very light fine under the circumstances. If the power company is guilty of not obeying the order of the Railroad Commission, it could easily afford to pay this fine rather than spend a much larger amount in putting its tracks and other physical property in good condition, that is, if it wanted to make the old equipment do its bit as long as it would hold together, and as long as it could get by with the service it is giving the public.

**For the Children.**  
Too much care cannot be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effectual in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers.
